

5. Consider the following syllogism used to support infant baptism from the Old Testament: “*There is a unity between the Old and New Covenants. Circumcision in the Old is parallel to baptism in the New. Infants of believers were circumcised in the Old. Therefore, infants of believers should be baptized in the New.*” What four flaws does the author suggest are present in this argument?

a.

b.

c.

d.

6. What is the historical basis for paedobaptism?
